Character

You are an energetic person, never satisfied unless you are up and doing. You are strong in mind and strong in body and full of enthusiasm for the work in hand. You have unlimited courage, and all these qualities combined tend to make your life varied. You are not going to stay at one thing just because you have set out in that direction. You will change your job, your friends, your hobbies or anything whatsoever provided you think the change is for better. Unfortunately for you, you will not always count up the pros and cons of the change as carefully as you should and this impulsiveness may often lead you into difficulties. Still you have a courage, you are a born fighter and are endowed with plenty of enterprise. All of which will enable you to succeed in the end. It is unlikely that you will amass great wealth but money is only useful for the happiness it can bring and of happiness you will have your full share and more. There are many reasons for thinking that you will move from place to place a good deal and probably you will see much of the world. If a man, you are likely to take up posts in various parts of the country, and, if a woman, it would not be surprising if you called upon to travel because of the requirements of your partner's business or profession. We would suggest that you should endeavor to cultivate the quality of patience, and that you reason out the cost more thoroughly before embarking upon some fresh enterprise. There are little points but they help to mar your success. Moreover, avoid being a rolling stone (avoid changes) especially after the age of 35.

Happiness And Fulfillment

You have been endowed with the common sense and clarity to know what you really want. Lucid and practical, you seek happiness in the environment and are unafraid to expand your horizons, easily recognising fears and working them through. But be cautious. If you are always thinking of your own welfare and are inconsiderate of others, your chance of happiness are minimal.

Life Style

Your friends serve as motivational factors in your life. You need their support and encouragement. You can thus achieve your goals by directing yourself in areas where your friends see your progress.

Career

Look for a career where you can use your abilities to carry out projects in minute detail. These projects must be perfect, and you will not be under pressure to limit the time it takes to complete them. For instance, if you go into interior design, you should have clients who have enough money to spend so that you can do an elegant job.

Occupation

You have, above all, a facility for putting thoughts into eloquent words. Thus, you would do admirably as a journalist, a lecturer or even as a traveller salesman. Never would you be at a loss for something to say. This quality would fit you for a teacher also. But, when your impatient moods overtake you, you would fare badly. In almost any occupation requiring quick thinking, you will succeed very well. But, it must not be monotonous work or you will prove an utter failure. You like change and variety, so that any job which takes you up and down the country or to some far-flung outpost, will be suitable for you. You will fare better as your own master than when working for somebody else. You want to come and go when you like and, to be able to do this, you must be your own master.

Health

You have a good constitution. You possess a considerable amount of vitality and it will be preserved well into old age, if you take plenty of outdoor exercise. But, this can be easily overdone. Should you exceed a reasonable amount, trouble will manifest itself in the breathing apparatus and will lead to bronchial diseases. You are liable to attacks of sciatica and rheumatism after 45 years of age. It will be difficult to assign a reason for these attacks, but manifestly they are due to exposing yourself too frequently to the night air.

Hobbies

You are exceptionally good with your hands. As a man, you can make things for the home and take a delight in mending the toys of your children. As a woman, you are expert needle worker, painter, cook etc. and prefer to make the children's clothes rather than buy them.

Love Matters

You drift into matrimony almost as a matter of course. Very frequently, there is no courtship, so much as a friendship. Generally, you will not write love letters and the less romance comes into the affair the better. But do not conclude that you view marriage in a detached light. Far from it, once you marry, you do it with the full intention of marking the union as harmonious as is humanly possible and this ideal is not cast aside even after the lapse of a few years.

Finance

Financial conditions will be very contradictory for you. You will have runs of luck to be followed by equal periods of reverses when nothing will appear to go right. You should avoid speculation and gambles of all kinds and hold your inclination for extravagance well in check. You also come under peculiar and other uncertain conditions in the matter of finance. You may gain money in fits and starts, but you will not be likely to keep it. Your ideas are liable to be too advanced for the generation, you will live in. You will have a desire for indulging in speculation, but as a rule, you will be disposed to back the underdog. Your best chances in relation to the new ideas are, such as electric inventions, wireless, radio, T.V., cinemas and unusual building or construction work, also in literature or highly imaginable creations.

Your personality stands out in a crowd. You live a different life and when it comes to your education, you follow the same mantra. Your hasty nature of acquiring knowledge often lands in the midst of troubles. However, your writing skills can improve and you will find joy in this activity. You prefer to learn from your mistakes and invest all of your energy in completing a particular task. This virtue should be implemented in your educational life also. Sometimes, you may have to face the consequences of your mistakes which can also hamper your studies. You learn from your experiences which also helps you in acquiring knowledge through minor instances in your educational life. It is advised to perform a revision after learning a particular lesson as the knowledge will remain intact in your memory. In the academic sector, you earn success only after crossing several seas of thorns and challenges.

|| Manglik Details / Mangal Dosha ||

Generally Manglik Dosha is considered from the position of Lagna and Moon in the birth chart.

In the birth chart, Mangal is placed in Ninth house from Lagna, while in the Moon chart Mangal is placed in Eleventh house.

Hence Mangal Dosha is present neither in Lagna Chart nor in Moon Chart.

Mangal Dosha is considered to create hurdles in the married life of a person. According to some, Mangal Dosha results in frequent illness or ultimately death of partner(s).

It is considered that if a manglik person marries to another manglik person then the manglik dosha gets cancelled and has no effect.

Some Remedies (in case Mangal Dosha is present)

Remedies (needs to be performed before marriage)

Kumbha Vivah, Vishnu Vivah and Ashwatha Vivah are the most popular remedies for Mangal Dosha. Ashwatha vivaha means the marriage with peepal or banana tree and cutting the tree after that. Kumbha Vivah, also called Ghata Vivaha, means marriage with a pot and breaking it after that.

Remedies (can be performed after marriage)

1. Keep Kesariya Ganapati (Orange coloured idol of Lord Ganesha) in worship room and worship daily.
2. Worship Lord Hanuman by reciting Hanuman Chalisa daily.
3. Mahamrityunjaya paath (recitation of Mahamrityunjaya mantra).

Remedies (based on Lal Kitab, can be performed after marriage)

1. Feed birds with something sweet.
2. Keep ivory (Haathi Daant) at home.
3. Worship banyan tree with milk mixed with something sweet.

Note: We strongly recommend you to consult an astrologer before performing these remedies by your own.

|| Shadbala and Bhavabala – Strength Calculations ||

Shadbala is a method in Vedic astrology that gives quick insight in the strength of planets and the houses. Sanskrit means 'Six' and hence Shadbala consists of 6 different sources of strength. Shadbala calculation is a laborious process but thanks to computers one can get these strength calculations by just one mouse click. Shadbala method gives a value to each planet and each house. The more points a planet and a house gets in Shadbala the stronger it is.
